Dwyane Zhan S. Abacan

Web Developer Intern (OJT Applicant)

dwynzxc@gmail.com | linkedin.com/in/dwyane-zhan-abacan-0a6204447
github.com/dwyane102 | Metro Manila, Philippines

OBJECTIVE

Fourth-year Computer Technology student seeking a 500-hour Web Developer Intern placement starting 2nd Semester A.Y. 2026–2027. I build and deploy full-stack web systems, program ESP32 hardware, and document my work clearly.

EDUCATION

Bachelor of Industrial Technology, Major in Computer Technology 2023 – Present (Exp. 2027)
Bulacan State University – College of Industrial Technology, Malolos, Bulacan

Senior High School, Accounting, Business, and Management (ABM) 2021 – 2023
Jesus is Lord College and Foundation, Bocaue, Bulacan

PROJECTS

DDLDMS: Learning and Development Monitoring System – Full-Stack Developer Capstone Project

- HR web application that tracks employee training and development based on the BulSU Consolidated Learning and Development Manual.
- Features an OCR/NLP credential parser, competency gap analysis, predictive analytics, and a training recommendation engine.
- Stack: React, Tailwind CSS, Django REST Framework, PostgreSQL, FastAPI, spaCy, Tesseract. Deployed live on Render.

Remote Fan Speed Controller – Hardware and Firmware Developer Embedded Systems II

- ESP32 controller that sets the speed of a 12V fan using PWM through a MOSFET driver module, with the circuit designed in Wokwi.
- Uses ADC input, a hardware timer, and interrupts (IRAM_ATTR) instead of delay() for timing.

TECHNICAL SKILLS

Web: HTML5, CSS3, Flexbox, CSS Grid, responsive design, JavaScript (basic), React, Tailwind CSS
Back-end: Python, Django REST Framework, FastAPI, PostgreSQL, SQLite
Tools: Git/GitHub, VS Code, Claude, ChatGPT, Cursor, GitHub Copilot, Render
Embedded: ESP32, PWM, ADC, hardware timers and interrupts, Wokwi

WORK EXPERIENCE

Barista – Chill Hub Café, Meycauayan, Bulacan May 2025 – Aug 2026

- Handled cash, card, and mobile payments on POS systems and multitasked during peak hours while keeping service quality consistent.

Barista – Fab Cafe, Meycauayan, Bulacan Jan 2025 – May 2025

- Operated commercial coffee machines and grinders, followed recipes, and resolved customer concerns calmly.

Sales Associate – Vape Hustla (4 branches), Bulacan and Valenzuela May 2023 – Jun 2024

- Served customers across multiple branches, handled payments, and replenished and rotated inventory.

LEADERSHIP AND STRENGTHS

- Consistently chosen to lead academic group activities and projects, including the research group in Entrepreneurship in Grade 12 (ABM).
- Strong communication and customer-handling skills from three years of frontline work, and a habit of documenting what I build.
